

Salt River Fire Department Operating Guidelines

Grade One Commercial

January 2005

205.01E

1 of 1

PURPOSE

Grade 1 Commercial - A request for service involving a fire alarm within a commercial structure. This includes water flow indications with no signs of fire. Within this classification are responses to educational institutions, which are **NOT** in session or a religious assembly or any commercial occupancy, which is **NOT** being occupied at the time of alarm.

ANY FIRE ALARM FROM AN OCCUPIED COMMERCIAL STRUCTURE SHALL BE DISPATCHED AS A FULL COMMERCIAL ASSIGNMENT.

SRFD RESPONSE

Grade 1 Commercial responses shall retain the same protocols/objectives as a Working Commercial assignment.

Communications shall assign a single Engine Company response to the assignment.

Structural (Commercial)
"Grade 1 Commercial"

One - (1) Engine
Battalion Chief – *notification*

Grade 1 Commercial responses shall retain the same protocols/objectives as a Working Commercial assignment these include:

- Response to the alarm shall be the same as a full "Commercial" assignment (Single Engine - Code 3 Response)
- All responding personnel shall be turned out in full PPE, prior to arrival on scene.
- The Company Officer's shall follow the same Command Procedure (SRFD SOG 201.01) as if responding to a full Commercial assignment (Size-up, Initial on scene report and initiating the Incident Management System if necessary).
- The Company Officer's shall ensure Accountability (SRFD SOG 201.02).
- Standard Company Responsibilities (SRFD SOG 202.01) shall be observed and remain in effect.
- Tactical Priorities and Apparatus placement (SRFD SOG 202.02A, SRFD SOG 202.05A) shall be observed and remain in effect.
- Upgrade of assignment, if any signs of a working fire are present.
